

The Annex 7A and Annex 7B serve as the supplementary documents for the Round 2 of the Competition. They shall be read in conjunction with the Competition Document which was published on the Competition Website, for which the terms and conditions shall remain valid.

## 1 SCHEDULE

The **Round 2** of the Competition would be launched as per timetable set out below.

Date	Event
22 April 2021	Competition opens (Round 2)
14 May 2021	Competition Enquiry closes (Round 2)
11 June 2021	Submission Entry closes (Round 2)
July 2021	Presentation and Adjudication (Round 2)
August / September 2021 (Tentative)	Announcement of Results and Prize Award Ceremony
Q3 2021 (Tentative)	Exhibition of awarded Entries

### Remark:

*All dates above including those for submissions, enquiries, result notifications or public announcements are subject to change by the Co-Promoters.*

Participants for the Competition (Round 2) will be required to present their Competition Entry to the Jury Panel on the day of Adjudication, subject to further confirmation.

The Organising Committee reserves the right to alter the above Schedule.

## 2 ENTRY SUBMISSION

For Round 2 Competition, Entries shall be sent by post or delivered by hand, and must be received by the Professional Adviser at the following address on **11 June 2021 (Friday)** during opening hours below. Entries must comply with the requirements set out in Section 4.

**Mr. LIM Wan Fung, Bernard Vincent, BBS JP**  
**The Professional Adviser**  
**PT 2.0 Public Toilet Design Competition**

10/F, Lee Garden Six, 111 Leighton Road, Causeway Bay,  
Hong Kong

Opening hours:  
2:00 p.m. to 4:00 p.m.

Late submissions or those without registration under clause 6 of the Competition Document will not be accepted.

A sealed, opaque package clearly marked with the registered Entry Group and the provided Confidential Registration Number shall be used for covering the Entries for submission.

Any new or additional information provided by Participants after submission of their Entries will not be accepted or considered.

If Black Rainstorm Warning or Typhoon Signal No. 8 or above is issued by the Hong Kong Observatory within three hours before the submission deadline set out above, the submission deadline will be postponed to noon of the next working day. "Working day" means any day from Monday to Friday other than a public holiday, or a gale warning day or black rainstorm warning day as defined in Section 71(2) of the Interpretation and General Clauses Ordinance (Cap.1).

No responsibility will be accepted by the Government, any member of the Promoter, Organising Committee, and the Professional Adviser for the failure of postal delivery of any Entry or damage to any Entry.

Upon submission of Entries, Participants are deemed to have accepted all terms and conditions set out in the Competition Document.

### 3 ENQUIRIES BY PARTICIPANTS

Participants may make enquiries regarding the details of the Competition to the Professional Adviser by email at [enquiry@pt2designcompetition.com](mailto:enquiry@pt2designcompetition.com) on or before **14 May 2021 (Friday) 12:00 noon**. The Professional Adviser will make his reply of the same to each of the Participant. The Professional Adviser will not reply directly to any individual Participants.

All questions shall be submitted in English or Chinese. Questions submitted in other languages will not be responded to.

### 4 DELIVERABLES

The following are mandatory submission requirements set out for Round 2 of the Competition:

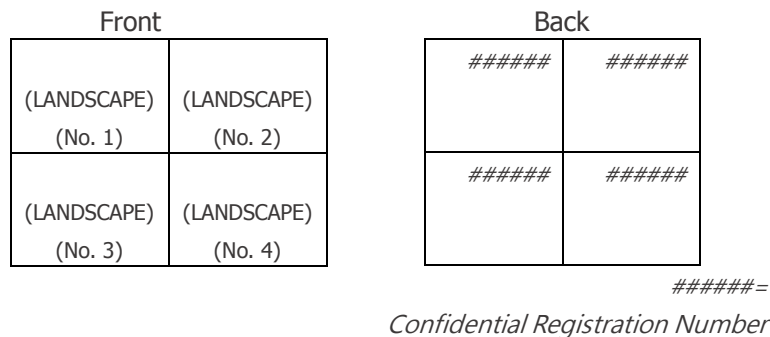

Entries for Round 2 shall comprise:

(1) Four A1 size (841mm x 594mm; maximum 13mm thick) foam board panels in landscape layout format for presentation and display purpose. The panels shall be numbered at the back for ease of display and shall be enclosed in a sealed opaque A1-sized wrapping envelope. The presentation shall comprise:

- i) Master Layout Plan (Scale not less than 1:500);

- ii) Plan(s) (including Ground Floor and Roof Plan), Elevation(s) (four sides) and at least two Cross Section(s), including toilet internal elevation (Scale not less than 1:100) to demonstrate both interior and external design;
- iii) Aerial / Perspective view(s), including both external and internal to demonstrate the spatial arrangement, architectural and toilet features and its relationship to the elements and surroundings;
- iv) Detail drawing(s) of scale 1:20 showing major design features and construction details, such as:
  - Joints detail between modules to achieve water tightness and façade design treatment
  - Section detail of vanity counter
- v) Conceptual construction sequence, including but not limited to the modular connection, façade element, roof structure and the foundation;
- vi) Preliminary structural design;
- vii) Preliminary conceptual layout for various building services installations, including drainage, electricity, MVAC and fire services.

The layout of the panel shall follow the following format:

- (2) An explanatory statement of the design ideas, design considerations and detailed design in both English and Traditional Chinese in not more than 500 words each, and each printed on one A4 page;
- (3) A schedule of accommodation listing the space provision of the design proposal printed separately on one A4 page;
- (4) A schedule of sanitary fitment listing the proposed toilet hardware and accessories printed separately on A4 page;
- (5) Material sample board(s) for elevation and interior fitting out design, mounted on one A3 board;

- (6) Physical scale model (Scale: 1:75) with a A0 model stand (dimension: 1184mm x 891mm)
- (7) "Fly-through" Animation (not longer than 3 mins)
- (8) Powerpoint Presentation Slides for Round 2 Adjudication with the same contents as above item (1) to (7)
- (9) A CD-ROM / DVD-ROM containing an electronic version of:-
  - i) Item (1) above of A1 size in pdf format (of no less than 150 dpi resolution) of each panel;
  - ii) Item (1) above of A4 size in jpeg format (of no less than 300 dpi resolution) of each panel;
  - iii) Items (2), (3) and (4) above in .doc and .pdf format;
  - iv) Item (7) above in .mp4 format; and
  - v) Item (8) above in .ppt and .pdf format.
- (10) A sealed, opaque envelope (A4 size) clearly marked with "PT 2.0 Public Toilet Design Competition" with the Confidential Registration Number clearly marked on the envelope, shall be affixed to the A1-sized wrapping envelope as required in Section 4 (1) for submission. Participants are reminded to ensure that above item (2), (3), (4), (5) and (9) as required are enclosed therein.

General Requirements (Round 2) are specified as follows:-

All panels must be completely flat. Any Entry with attachment on the panels will be disqualified. Entries in electronic or multi-media format, except the electronic versions of the Entry specified above, will not be accepted.

No additional graphics, drawings or information shall be included in the Presentation Slides as submitted for above item (8). No new presentation materials will be accepted during the presentation for Round 2 Adjudication.

Submission of deliverables other than the above-mentioned requirements will be disregarded.

All submitted deliverables should be produced at Participants' own costs and will not be returned.

In case of any discrepancies between the electronic and hard copy of the submissions, the hard copy version shall prevail.

## 5 ADJUDICATION GUIDELINES

All Entries will be judged in accordance with the broad adjudication guidelines as interpreted by the Jury Panel. The decisions of the Jury Panel shall be final and binding to all parties concerned and decisions cannot be appealed against. Participants do not have the right to request for access to the Jury Panel's comments or records on the adjudication. The broad adjudication guidelines for Round 2 are:

- a) Addressing the objectives as set out in clause 2 of Competition Document
- b) Aesthetics and Identity
- c) Innovation and Creativity
- d) MiC Application and Buildability/ Constructability
- e) Functional, Environmental and Practical Aspects
- f) Cost Effectiveness and Budget Consideration
- g) Addressing the How-might-we (HMW) Questions from Public Toilet Design Thinking programme and finding from data analytics

## 6 TECHNICAL ASSESSMENT REFERENCE RATING

Technical Assessment Committee will conduct the Technical Assessment of the submissions in accordance with Technical Assessment Criteria and Reference Rating as listed below, to review the fulfillment of the Key Design Requirements as spelt out in Annex 7B.

Jurors are not bound to follow the Reference Rating of the Technical Assessment Criteria.

The Technical Assessment Committee will provide views on technical aspect of the submission as necessary, but will not directly be involved in the adjudication process. Participants should note the Adjudication Guidelines spelt out in Section 5.

	Assessment Criteria	Ref. Rating
<b>1.0</b>	<b>Aesthetic and Identity</b>	<b>15%</b>
	(a) New image for FEHD public toilet service (b) Consistency with the design in Round 1 (c) Possibility of variation with a coherent tone	
<b>2.0</b>	<b>Innovation and Creativity</b>	<b>15%</b>
	(a) Use of IoT to improve – (1) the four performance indicators for public toilet services; (2) ventilation and odour control; (3) sustainable or energy-efficient design; and (4) management and maintenance efficiency (b) Complementary addition of new amenities (c) Practicality of proposal within 'Peripheral Area'	

<b>3.0</b>	<b>MiC Application and Buildability/ Constructability</b>	<b>30%</b>
	<ul style="list-style-type: none"> <li>(a) Consistency with the MiC/ DfMa proposal in Round 1</li> <li>(b) Viable design of module system, construction sequence and connection between modules</li> <li>(c) Sufficient building services provision, including –                             <ul style="list-style-type: none"> <li>(1) mechanical ventilation;</li> <li>(2) bio-treatment of sewerage discharge;</li> <li>(3) portable, flushing and cleansing (or irrigation) system; and</li> <li>(4) lighting</li> </ul> </li> </ul>	
<b>4.0</b>	<b>Functional, Environmental and Practical Aspects</b>	<b>25%</b>
	<ul style="list-style-type: none"> <li>(a) Viable design ideas to excel in the four performance indicators for public toilet services</li> <li>(b) Compliance with Schedule of Accommodation and basic layout dimensions</li> <li>(c) Comprehensive BFA provision</li> <li>(d) Effective approach and way-finding</li> <li>(e) Viability of sustainable and energy efficient design proposal</li> <li>(f) Viable choice of materials and detailing</li> <li>(g) Adequate provision of maintenance access to roof and services</li> </ul>	
<b>5.0</b>	<b>Cost Effectiveness and Budget Consideration</b>	<b>10%</b>
	<ul style="list-style-type: none"> <li>(a) Fulfilment of construction budget requirements</li> <li>(b) Cost-effective design</li> </ul>	
<b>6.0</b>	<b>Addressing the How-might-we (HMW) Questions from Public Toilet Design Thinking Programme and Finding from Data Analytics</b>	<b>5%</b>
	<ul style="list-style-type: none"> <li>(a) Comprehensive design considerations in addressing HMW Questions and the selected findings from the data analytics on public toilet by the Government</li> <li>(b) Good ideas in design aspect other than those mentioned in guideline 1.0 to 5.0 above</li> </ul>
